

AI FORGE PARTICIPATION GUIDE

OVERVIEW

This guide explains how participants can acquire AIF tokens during the AI Forge participation event.

Participation occurs through the official AI Forge application.

REQUIREMENTS

Participants must have:

- Keplr wallet installed
- USDC on the Osmosis network
- Access to the AI Forge application

STEP 1 — INSTALL WALLET

Install the Keplr Wallet browser extension.

Create a new wallet and securely store your recovery phrase.

STEP 2 — FUND WALLET

Transfer USDC to the Osmosis network.

Ensure the wallet also contains small amounts of OSMO to pay transaction fees.

STEP 3 — CONNECT WALLET

Visit:

<https://app.aiforgechain.com>

Click Connect Wallet and approve the connection in Keplr.

STEP 4 — PARTICIPATE

Enter the amount of USDC you wish to contribute.

Confirm the transaction in your wallet.

Participation limits:

Minimum
\$25

Maximum
\$2,500 per wallet

STEP 5 — RECEIVE TOKENS

After the transaction is confirmed:

- AIF tokens are automatically transferred to your wallet.
- All participation transactions are recorded on-chain.

SECURITY RECOMMENDATIONS

Participants should:

- Verify official website URLs
- Confirm wallet transaction details
- Never share private keys or recovery phrases

SUPPORT

Participants can access support and community updates through official communication channels.
